

WHY NOT HAVE IT IN ROCK ISLAND?

Not Necessary to Abandon Tri-City Auto Show Because of Coliseum Fire.

MIGHT USE LOCAL RINK

Armory and Turner Halls Would Do For Overflow if More Space Were Required.

Dealers fear they will be compelled to abandon the tri-city automobile shows, held annually for a number of years at the Davenport Coliseum, as a result of the destruction of the building by fire. The Coliseum, it is claimed, was the only structure available for the purpose. There has been some talk of erecting a big tent, as has been done in other cities for the showing of the new models of cars. The difficulty with this plan lies in the impossibility of heating a tent.

A better plan would be to use the Rock Island rink, which has nearly as much floor space as the coliseum, and which can be heated to a fairly comfortable degree. If there were any overflow exhibits they could be taken care of at Armory and Turner halls, which are only a block away.

EASY TO PLACE DISPLAYS.

In the coliseum it was necessary to hoist the exhibits to the second floor, and considerable time was consumed in the operation. The rink is much better arranged in this respect, for it can be opened at the rear and the exhibits can be put in position as fast as they are brought in. Furthermore, the rink is in a more central place for tri-city automobile dealers and users than the Davenport building was, and the attendance should be at least kept up to former standards.

A little boasting by Rock Island auto dealers and others interested might land the show for the city, and it is worth going after, for it always draws dealers and prospective purchasers from a large area.

A Fair Proposition.

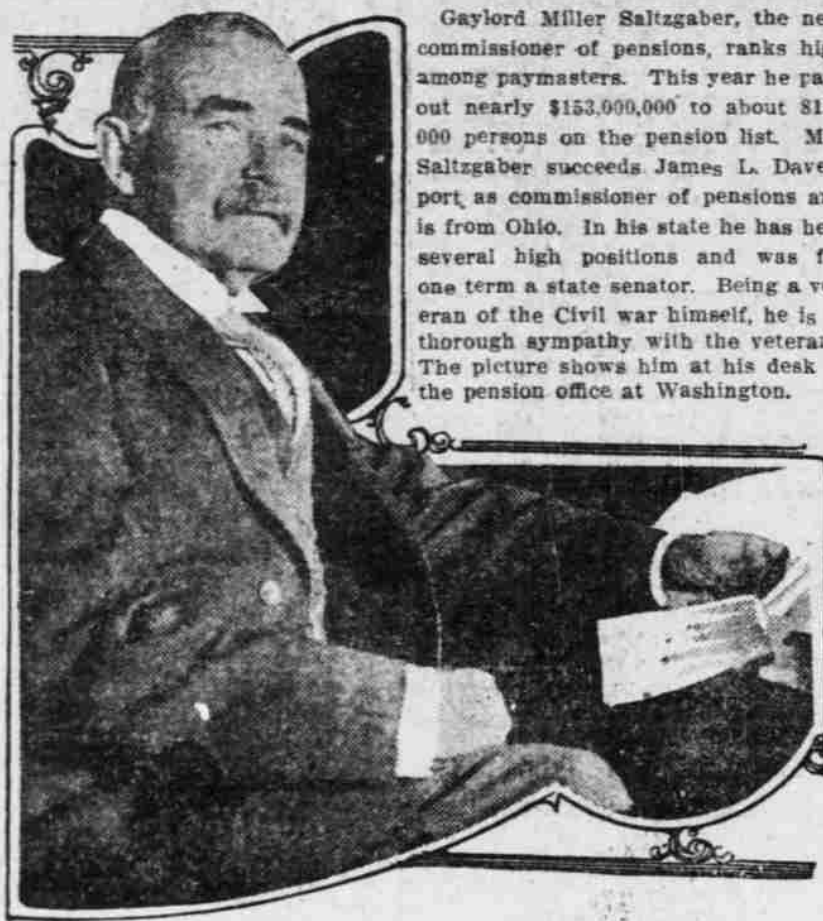

The manufacturers of Meritol Rheumatism Powders have so much confidence in this preparation that they authorize us to sell them to you on a positive guarantee to give you relief in all cases of Rheumatism or refund your money. This is certainly a fair proposition. Let us show them to you. Harper House Pharmacy and H. O. Rolfs, dispensary chemist, sole agents. (Adv.)

NEW PENSION COMMISSIONER WILL PAY \$153,000,000 TO 815,000 PERSONS IN YEAR

Gaylord M. Saltzgeber.

Gaylord Miller Saltzgeber, the new commissioner of pensions, ranks high among paymasters. This year he pays out nearly \$153,000,000 to about 815,000 persons on the pension list. Mr. Saltzgeber succeeds James L. Davenport as commissioner of pensions and is from Ohio. In his state he has held several high positions and was for one term a state senator. Being a veteran of the Civil war himself, he is in thorough sympathy with the veterans. The picture shows him at his desk in the pension office at Washington.

DETAILS STORY OF DAUGHTER'S RUIN

Mrs. Rosenstiel in Freeport Trial Accuses Dr. B. A. Arnold of Crime.

ATTACKED IN SICKBED?

More Obscene Letters Alleged to Have Been Written by Physician Are Introduced.

Freeport, Ill., Oct. 23.—A dramatic scene was entered before the jury in Judge Landis' court in the trial of Dr. Benjamin A. Arnold, charged with mailing obscene letters to Miss Alta Rosenstiel, a farmer's daughter living near Scotto Mills. Mrs. Sofia Rosenstiel, the girl's mother, took the witness stand for the government and told of the alleged assault on her daughter by Dr. Arnold.

Mrs. Rosenstiel wept during her recital of the story. At its conclusion she was on the verge of physical and mental collapse.

The witness told how Dr. Arnold, the trusted family physician for years, had taken advantage of the mother's absence in the summer kitchen to commit the alleged crime while the girl lay in bed convalescing from an operation for appendicitis. After relating this charge in detail, Mrs. Rosenstiel continued:

"My daughter and I were alone in the house at the time the doctor called. There were four men at work building a barn at some distance from the house. Upon my husband's return from town about 11 o'clock I informed him what had transpired.

"The following day my husband and I drove to Freeport to see Dr. Arnold in reference to the crime which he had committed upon our daughter. The doctor invited us to sit down, and I was so weak and overcome with grief and shame that I did sit down, but my husband said: 'We didn't come to sit down.' He pointed his finger at Dr. Arnold and said: 'You ruined our daughter.'

"Dr. Arnold denied it. He said: 'It is not so.' I told him he was a liar. He then hung his head for a minute and said: 'Well, it was not my fault.' I again told him he was a liar. We then left and returned home.

"A day or two following the doctor called me up on the telephone and said he would like to have us come down to his office. He said, 'Come in and fix the matter up.' He did not care to say much over the phone. I made no reply and hung up the receiver. I have never spoken to him since."

On cross examination Attorney R. R. Tiffany brought out that the girl had made no outcry at the time of the alleged attack and that Dr. Arnold remained in the neighborhood several hours calling on patients on the day of the alleged crime.

MORE OBSCENE LETTERS.

The government succeeded in presenting in evidence two additional obscene letters received by the Rosenstiels. This makes six letters now before the jury. Four of them constitute the four counts in the indictment. A seventh letter involved in the case has not been presented.

Much of the session was taken up with the demonstration of Dr. Robert M. Walker, Marshall D. Elwell and Master in Chancery James I. Eonis, handwriting experts from Chicago. Each of the experts gave it as his opinion that the handwriting in the letters complained of are in the handwriting of Dr. Arnold.

Attorney Tiffany's line of questioning in the cross examination of the experts indicated that the defense will contend that persons unknown to the defendant purposely obtained samples of his handwriting and imitated it.
